Affordability
We offer 0% interest as well as low interest financing options for patients who qualify. We also offer low-interest longer term payment plan options. Once approved, your payment plan options are 100% up to you and what will work best with your monthly budget. You may also want to consider and compare the cost of continuing to purchase glasses, contacts, and cleaners.

Outcome
Everybody’s eyes are unique to them, so your treatment should be as well. For our Laser Vision Correction treatments, we use a technology called CustomVue. CustomVue laser treatments are based upon the unique visual characteristics of your cornea. Each person’s cornea is different, like a thumbprint. A custom treatment provides better quality of vision, including night vision, and a higher percentage of patient’s achieving 20/20.

Confidence In My Surgeon
Dr. Jerome Swale is one of the leading refractive surgeons in Illinois and has performed thousands of elective refractive procedures. Dr. Swale is board certified by the American Board of Ophthalmology. He is a member of the American Society of Cataract and Refractive Surgeons, the International Society of Refractive Surgery, and the American Academy of Ophthalmology. He is also the #1 implanter of ICL’s in Illinois.

Convenience
Our procedures are performed by Dr. Swale in our AAAHC accredited, state of the art surgical suite located inside Fisher-Swale-Nicholson Eye Center. Accreditation distinguishes our office - based surgery suite from many other outpatient facilities by providing the highest quality of care to its patients as determined by an independent, external process of evaluation. This also means no long trips to Chicago for surgery and post op care. Our staff and Dr. Swale will do our very best to help accommodate your busy schedule.

WHAT ARE PEOPLE SAYING

“It was amazing!” I could see clearly, things I never was able to see before. It definitely exceeded my expectations!”
Holly Dionne (LASIK)

“It changed my life completely. It was the best money I ever spent.”
Jeff Papineau (Visian ICL)

As far as I’m concerned Dr. Swale performed a miracle and gave me the gift of sight, something I’ve never had before!”
Eva Marion (CLE)

“One of the best things I’ve ever done!”
Amy Stroo (PRK)
